

Kimberly I Miller, AIA
Partner

Kimberly is the Director of Design at Drexel University where she oversees the capital construction on the main campus. She manages the design and construction process for most new buildings and assists the Associate VP of Planning and Design with campus planning and other initiatives. She also works closely with local government entities, stakeholders and city services to coordinate and improve the campus construction.

Kimberly is also a founding Partner at RKM Architects, an award winning design practice located in the Fishtown section of Philadelphia. Although not involved with daily activities she frequently assists with the programming and design of projects as well as office administration. Versed in construction management and programming Kim provides further depth of experience working with contractors and local government.

Kim is a member of the American Institute of Architects, Association of University Architects, and Society of College and University Planners.
